Interim Report Q3 2023

November 3, 2023

The Interim Report for the 3rd Quarter 2023 for A.P. Møller - Mærsk A/S is hereby enclosed.

CEO of A.P. Møller - Mærsk A/S, Vincent Clerc, states:

“Our industry is facing a new normal with subdued demand, prices back in line with historical levels and inflationary pressure on our cost base. Since the summer, we have seen overcapacity across most regions triggering price drops and no noticeable uptick in ship recycling or idling. Given the challenging times ahead, we accelerated several cost and cash containment measures to safeguard our financial performance. While continuously streamlining our organisation and operations, we remain dedicated to our strategy of fulfilling our customers’ diversified supply chain needs while pursuing growth opportunities across our Terminals business and Logistic & Services”
